# Life **changes** rapidly. Choose medical aid that can **adapt** accordingly.

It's said that the only constant is change, and we tend to agree. Not only is modern life moving at a faster pace than ever before, but the digital times in which we live have changed everything: from the way we work, collaborate and relax, to how we engage with others.

At Fedhealth Medical Scheme, it's our mission to create medical aid cover that adapts to these changing times and our members' changing needs – and our flexi**FED** range perfectly brings this mission to life. Our flexi**FED** options allow the member to choose how their cover is structured, to suit their life stage, budget and healthcare needs.

## On the flexi**FED** hospital plan members can:

- Choose to **reduce their monthly contribution** by either **10% or 25%** without compromising benefits
- Enjoy cover uniquely tailored around their **life stage**
- Only pay for the cover needed right now with **our 30-day upgrade policy**
- **Enjoy more benefits** paid from risk and not their own pocket

**87-year** track record in healthcare

**43.39%** solvency level\*

**17 consecutive years** of achieving a **AA- Global Credit Rating**

Run by members for members, Fedhealth is committed to keep providing South Africans with quality medical aid that adapts to them - not the other way around.

## Choose medical aid that's fit for the future. Choose flexi**FED** from Fedhealth!

\* As at 31 December 2022

The flexiFED option range can be perfectly customised around the different and changing needs of our members. These options can be used as hospital plans. Plus, with Fedhealth, members only need to choose the cover they need right now – they only need to upgrade to more comprehensive options as and when life-changing events take place thanks to our unique 30-day upgrade benefit.

### flexiFED 1 benefits

- Preventative and screening benefit**  
Screenings like HIV tests, Pap smears, HPV PCR tests, cholesterol screening, wellness and preventative screenings and flu vaccines.
- Lifestyle benefit**  
Female contraception paid from Risk.
- In-hospital benefit**  
Unlimited accident and emergency treatment at any private hospital. Unlimited hospital cover for planned procedures at network hospitals.
- Chronic disease cover**  
Unlimited cover for 27 (CDL) chronic conditions.

### flexiFED 2 benefits

Includes all benefits of flexiFED 1 PLUS:

- Rich maternity benefit**  
Cover for natural deliveries, rental of water baths, epidurals and C-sections, 2x 2D antenatal scans and 8 ante/postnatal consults with midwife, network GP or gynae; Doula benefit; Postnatal midwifery benefit. PLUS many more!
- Childhood benefit**  
Paediatric consultation without referral up to 12 months old; Infant hearing screening; Childhood immunisations; Childhood illness specialised drug benefit up to 18 years old. PLUS many more!

- Enhanced Preventative and screening benefit**  
HPV vaccine.
- Basic dentistry in Threshold**  
Basic dentistry benefit once the threshold level has been reached, includes two annual consultations per beneficiary including x-rays, scaling and polishing, fillings, extractions and root canal.

### flexiFED 3 benefits

Includes all benefits of flexiFED 1 & 2 PLUS:

- Enhanced maternity benefit also includes:**  
Private ward cover; and 12 ante/postnatal consults with midwife, network GP or gynae, PLUS many more!
- Customised childhood benefit also includes:**  
Paediatric consultation without referral up to 24 months old. Additional chronic benefit for children up to 18 with asthma, eczema and acne up to the age of 21, PLUS many more!
- Cover for chronic medication for mental health conditions**  
ADHD (for children 6 -18 years old), depression, generalised anxiety disorder, post-traumatic stress disorder subject to an annual limit of R3 200 per family.
- Optical benefit**  
Up to R1 930 per beneficiary every 24 months.

### flexiFED 4 benefits

Includes all benefits of flexiFED 1, 2 & 3 PLUS:

- Cover for additional chronic conditions**  
Cover for 18 additional chronic conditions.
- Unlimited network GP consultations**  
Immediate access to unlimited network GP consults.
- Comprehensive threshold benefit**  
Unlimited comprehensive threshold benefit (including basic and advanced dental benefits).

All flexiFED plans provide:

#### Threshold benefit

Once day-to-day claims have accumulated to the Threshold level, certain claims will be paid from the Threshold benefit. These include preventative dentistry (flexiFED 1), basic dentistry (flexiFED 2 and 3) and unlimited nominated network GP visits. On flexiFED 4, the Threshold benefit pays for certain day-to-day expenses once claims have accumulated to the Threshold level with a 20% co-payment for the member.

# Your flexiFED hospital plan. **Your way.**

flexiFED is unique in that you have total control over how you structure and utilise your benefits. Here's what your flexiFED hospital plan offers you.

## Start with choosing an option **based on your life stage**

Hospital cover is the foundation of any medical aid option. This is your protection against the big expenses that land you in hospital. Fedhealth offers four options to choose from, relevant to your lifestyle and family composition:

### flexiFED 1

Young singles

Emergency and planned procedure hospital cover

Oncology

Maternity, infants & children

Chronic

Mental health

### flexiFED 2

Family start-ups

Emergency and planned procedure hospital cover

Oncology

Maternity, infants & children

Chronic

Mental health

### flexiFED 3

Growing families

Emergency and planned procedure hospital cover

Oncology

Maternity, infants & children

Chronic

Mental health

### flexiFED 4

Mature families

Emergency and planned procedure hospital cover

Oncology

Maternity, infants & children

Chronic

Mental health

#### UNIQUE BENEFITS PAID FROM RISK

Fedhealth is the only medical scheme that pays for a set of unique benefits from your Hospital/Risk cover.

[CLICK HERE TO SEE UNIQUE BENEFITS >](#)

STEP 2

Choose an **additional discount** (if you want to)

**SAVE 10%** OR **SAVE 25%**

**FULL COVER AT NETWORK HOSPITALS**  
 In exchange, for planned procedures, you must use Fedhealth's Private Hospital Network, which includes over 120 top private hospitals. You can still use a non-network hospital if you wish, but you will then have to pay a R14 700 co-payment. The co-payment doesn't apply in case of emergencies.

**FULL COVER AT ANY PRIVATE HOSPITAL WITH A CO-PAYMENT FOR ELECTIVE SURGERY**  
 In exchange, you will be charged a fixed R14 700 co-payment on all hospital admissions, except for emergencies. This excess only applies to the hospital bill; you could still have co-payments on out-of-network specialists, a procedure co-payment or short-falls because benefit limits have been exceeded.

Both GRID and Elect restrictions only apply in case of planned procedures - like planned C-sections for example. The restrictions do not apply in case of accidents or emergencies.

## Enjoy **low contributions** and peace of mind offered by your hospital plan

If you want to keep your contributions as low as possible while ensuring complete peace of mind should you be admitted to hospital, the flexi**FED** hospital plan is perfect for you.

**WHAT MAKES FEDHEALTH'S HOSPITAL PLANS SO UNIQUE?**

Unlike other hospital plans that only pay for hospital related expenses, our flexiFED plans go further by covering you for a range of day-to-day benefits as well.

These include unlimited cover for female contraceptives, unlimited cover for trauma treatment in a casualty ward (with a co-pay), unlimited cover for MRI/CT scans (with a co-pay), 7 days' supply of take-home medicine post-discharge, 30-day post hospital benefit, unlimited GP consults. Certain plans offer even more built in day-to-day benefits for things like optometry, maternity, childhood benefits and mental health... all at no additional cost to you.

Rich in-hospital cover **PLUS** built in day-to-day benefits... it's so much more than the average hospital plan!

# Unique set of benefits paid from Risk

Fedhealth is the only medical scheme to cover **ALL of the benefits listed below from Risk, and not the member's day-to-day benefit.** This ensures a significant saving for members since they can use their day-to-day benefit for other expenses instead.

Upgrades to higher options any time of year

Unlimited network doctor's visits

Post-hospitalisation treatment for up to 30 days after discharge from hospital

Take-home medication

Specialised radiology

Trauma treatment at a casualty ward

Female contraception

In-hospital dentistry for children under 7

Child rates for financially dependent children

**MORE INFORMATION** >

# Unique set of benefits paid from Risk

Fedhealth is the only medical scheme to cover **ALL of the benefits listed below from Risk, and not the member's day-to-day benefit.** This ensures a significant saving for members since they can use their day-to-day benefit for other expenses instead.

### Upgrades to higher options any time of year

Life happens, right? So whether you are diagnosed with a serious illness, get married or discover that a baby is on the way, Fedhealth will let you upgrade to a higher option that better suits your needs within 30 days of your diagnosis or circumstances changing.

### Unlimited network doctor's visits

On Fedhealth, members can see their GP as often as they need on most options, by either visiting any network GP or a nominated network GP (depending on the option).

### Post-hospitalisation treatment for up to 30 days after discharge from hospital

This means that following a hospital stay, your treatment like physiotherapy, x-rays or pathology is covered by Fedhealth, and not your day-to-day benefit or your own pocket. Excludes follow-up consultations with GPs or specialists.

### Take-home medication

Fedhealth pays for seven days of take-home medication when you're discharged from hospital. The medication must however be dispensed by the hospital, and must reflect on the original hospital account.

### Specialised radiology

Fedhealth covers specialised radiology such as MRI and CT scans from Risk, whether it's performed in- or out-of-hospital. A co-payment applies to non-PMB MRI/CT scans on all options.

### Trauma treatment at a casualty ward

On Fedhealth, injuries that require medical treatment like stitches or the setting of a fractured bone, are covered whether you're admitted to hospital or not. Authorisation must be obtained within 48 hours and a co-payment of R800 per visit for non-PMBs applies to all options.

### Female contraception

Oral, patches, certain injectables, contraceptive rings as well as IUDs that include the Mirena® are paid for by Fedhealth. It must, however, be prescribed by a GP or gynaecologist and is not applicable to pills prescribed for acne.

### In-hospital dentistry for children under 7

We pay for dentistry performed in-hospital for children up to the age of 7. The hospital account and anaesthetist costs are paid from the in-hospital benefit while the dentist's account comes from day-to-day benefits. Not applicable to flexiFED 1.

### Child rates for financially dependent children

On Fedhealth, you pay child rates for children who still depend on you financially, are unmarried and don't earn more than the maximum social pension up to 27 years of age.

# Hospital Cover

## UNLIMITED PRIVATE HOSPITAL COVER

ALL FEDHEALTH OPTIONS

Depending on their option, members may use either:

### FEDHEALTH NETWORK HOSPITALS\*

Co-pay applies if not used for planned hospital procedures.

### PRIVATE HOSPITALS\*\*

This benefit covers:

#### Hospital account

**Doctors and Specialists e.g. anaesthetists**  
Fedhealth Network GPs and Specialists covered in full - non-network GPs and Specialists covered up to Fedhealth Rate.

**Other healthcare providers**  
e.g. X-rays

**Certain procedures in doctor's rooms**

**270 hospital-based PMB conditions**  
DSPs, formularies and referrals may apply to avoid co-pays.

**Pre-authorisation must be obtained for all planned hospital admissions.**

**EMERGENCIES:** members must obtain authorisation **within 2 days after hospital admission.**

An emergency is unexpected, requiring immediate treatment to avoid lasting damage to organs, limbs or other body parts, or death.

\*Network option members may be treated at ANY hospital in an emergency, but will be moved to a network hospital once stabilised or face the co-pay.

\*\* flexiFED 2, 3 and 4 covers all admissions at any private hospital except the following hospitals: Zuid-Afrikaans Hospital (City of Tshwane), Arwyp Medical Centre (Ekurhuleni), Busamed Modderfontein Private Hospital (City of Johannesburg), Hibiscus Hospital (Ugu), Mooimed Private Hospital (Dr Kenneth Kaunda), St Helena Private Hospital (Lejweleputswa), Capital Hospital (Durban), which will not be covered in full for 2024. Emergency treatment at these 7 hospitals, however, will be covered in full without a co-payment but elective procedures will attract a R8 400 co-payment.

**MORE INFORMATION** >

# Hospital Cover

All Fedhealth options have an unlimited in-hospital benefit. Pre-authorisation must be obtained for all planned hospital admissions. For emergencies, authorisation must be obtained within two working days after going to hospital.

- The in-hospital benefit covers hospital costs and accounts from doctors, specialists e.g. the anaesthetist and the X-ray department.
- It also covers selected procedures in day wards, day clinics and doctor's rooms. On certain options, members must use facilities on the Fedhealth Day Surgery Network.
- On certain options, members must use the Fedhealth Hospital Network or pay a co-payment on the hospital account.

## Cover for hospital admissions

- The hospital account is covered from the in-hospital benefit.
- Specialists and GPs on the Fedhealth network are covered in full. Specialists and GPs not on the Fedhealth network are covered up to the Fedhealth Rate.
- Referral by a medical practitioner and pre-authorisation are required for physiotherapy, covered up to the Fedhealth Rate.

## Prescribed Minimum Benefits (PMBs)

PMBs are a basic level of cover for a defined set of conditions.

By law, all medical schemes are required to cover the treatment of 270 hospital-based conditions and 27 chronic conditions, i.e. the Chronic Disease List (CDL), in full without co-payment or deductibles, as well as any emergency treatment and certain out-of-hospital treatment.

This means that all schemes must provide PMB level of care at cost for these conditions. In order for members to get funding in full, schemes are allowed to require members to use Designated Service Providers (DSPs) and apply formularies and managed care protocols.

- Fedhealth uses network specialists, network GPs and network hospitals for the provision of PMBs.
- Members must use a Fedhealth Network Specialist and a nominated network GP in order for the cost to be refunded in full.
- Should you not use these DSPs for PMB treatment, the Scheme will reimburse treatment at the non-network rate.
- Co-payments are applicable to the voluntary use of non-DSPs. Referral must be obtained from a Fedhealth Network GP for consultations with Fedhealth Network Specialists. If referral is not obtained, there will be a co-payment on specialist claims paid from the Risk benefit. Co-payments are option dependent.

**Please note:** Qualification for reimbursement as a PMB is not based solely on the diagnosis (condition), but also on the treatment provided (level of care). So although a member's condition may be a PMB condition, the Scheme would only be obliged to fund it in full if the treatment provided was considered PMB level of care.

## Co-payments on certain procedures

For some treatments and procedures, members must pay an amount out of their own pocket. Co-payments apply to the hospital account and/or certain procedures, depending on the option.

## What qualifies as an emergency?

- An emergency is when the condition is unexpected and requires immediate treatment. This means that if there is no immediate treatment, the condition might result in lasting damage to organs, limbs or other body parts, or even in death.
- Members on network hospital options can get treatment for emergency medical conditions at any hospital, but once their condition has stabilised and they can be safely transferred to a network hospital, the co-payment will apply if they opt not to be transferred.

# Screening benefit

Fedhealth's screening benefit was created to stretch members' day-to-day benefit by paying more from Risk. This benefit covers the tests and assessments done to help members either prevent illness or address specific conditions they may already have. Consultations are subject to available Scheme benefits.

## SCREENING BENEFIT

ALL FEDHEALTH OPTIONS, UNLESS SPECIFIED OTHERWISE

This benefit covers screenings for:

Women's health

Men's health

Children's health

Cardiac health

Over 40's

Health risk assessments

MORE INFORMATION >

\* Combined administration of vaccination benefit limit of 15 per family per year

# Doctor's room procedures

## covered from the in-hospital benefit

The following procedures will be paid from the in-hospital benefit if performed in a doctor's room or suitably equipped procedure room, at up to 100% of the Fedhealth Rate.

In addition, pre-authorization must be obtained and should no pre-authorization take place, reimbursement will be restricted to the member's available day-to-day benefit or self-funded by the member.

This will not accumulate to the Threshold Level.

### Procedures performed in a doctor's room or suitably equipped procedure room

Gastroscopy (no general anaesthetic will be paid for)

Colonoscopy (no general anaesthetic will be paid for)

Flexible sigmoidoscopy

Indirect laryngoscopy

Removal of impacted wisdom teeth

Intravenous administration of bolus injections for medicines that include antimicrobials and immunoglobulins (payment of immunoglobulins is subject to the Specialised Medication Benefit)

Fine needle aspiration biopsy

Excision of nailbed

Drainage of abscess or cyst

Injection of varicose veins

Excision of superficial benign tumours

Superficial foreign body removal

Nasal plugging for epistaxis

Cauterisation of warts

Bartholin cyst excision

# Get in touch

**Fedhealth is at the forefront of technology...** not only to ensure clear communication with our members, but also to give members more control over managing certain aspects of their membership.

## Fedhealth website

The Fedhealth website, [fedhealth.co.za](http://fedhealth.co.za), provides easy-to-navigate information on the various Fedhealth options, step-by-step instructions on how to submit claims etc, scheme news, and also hosts the informative Living Fedhealthy blog – filled with lifestyle and wellness topics.

## LiveChat and chatbot

The LiveChat functionality is available to members via [fedhealth.co.za](http://fedhealth.co.za). They can type in their queries and one of our LiveChat agents will assist them online. The Fedhealth chatbot can be used for all members' queries about the MediVault and Wallet, and is also accessed through [fedhealth.co.za](http://fedhealth.co.za)

## Fedhealth Family Room

Fedhealth's online member portal allows members to manage their membership by updating contact details, viewing and submitting claims, viewing member statements, seeing how much Savings they've got left, activating their MediVault and making transfers to their Wallet, registering for chronic medicine and obtaining hospital authorisations.

## Fedhealth WhatsApp bot

This Fedhealth service is completely private and secure, and easy to use – simply choose from self-service actions like getting your tax certificate or seeing your e-card to share with your GP. To get started, just add the number **060 070 2479** as a contact and then type 'hi' to get the conversation started.

## Fedhealth Member App

Our app has been designed to help simplify members' interaction with Fedhealth. Available from the Google Play Store and Apple App store, it lets the member activate their MediVault and make transfers to their Wallet, download their e-card, view their option's benefits, set medicine reminders, and lots more. See pages 17 and 18 for more about our Fedhealth member App.

## Network GP, specialist and hospital locator

Members may access the provider locator via the Fedhealth website or the Fedhealth Family Room to find a GP, specialist or hospital on the Fedhealth network. Go to [www.fedhealth.co.za/provider-locator](http://www.fedhealth.co.za/provider-locator)
