Comprehensive cover you can always count on

As we get older, our healthcare needs may be vastly different to what they were in our twenties, and the medical aid option we choose should accommodate these changing needs.

Fedhealth's maxiFED range, consisting of maxima **EXEC** and maxima **PLUS**, provides comprehensive medical aid cover that ensures total peace of mind for more mature members. These options are structured to provide generous in-hospital, screening and chronic cover, and day-to-day cover, through a Medical Savings Account (MSA), a Threshold benefit and an Out-of-Hospital Expenses Benefit (OHEB) (the latter on maxima **PLUS** only).

On maxiFED options members can look forward to:

- Generous **in-hospital, screening** and **day-to-day** benefits
- Don't pay for certain benefits until you need them with our **30-day upgrade** policy
- **Pay child rates up to the age of 27** for adult children who are still financially dependent on you

87-year track record in healthcare

43.39% solvency level*

17 consecutive years of achieving a **AA- Global Credit Rating**

Run by members for members, Fedhealth is committed to keep providing South Africans with quality medical aid that adapts to them – not the other way around.

Choose medical aid that leaves nothing to chance.
Choose maxiFED from Fedhealth!

DAY-TO-DAY BENEFIT

- Threshold
- Day-to-Day from Risk
- Screening Benefit
- OHEB
- Savings

On maxiFED, members enjoy the following benefits:

- **IN-HOSPITAL BENEFIT** – No overall annual limit for hospitalisation
- **CHRONIC DISEASE BENEFIT** – Members are covered for conditions on the Chronic Disease List (CDL). This is covered in full up to the Medicine Price List if the member uses medicine on the comprehensive formulary. Members can use any pharmacy to get their chronic medication.
- **DAY-TO-DAY BENEFITS FROM RISK** – We provide comprehensive day-to-day benefits on maxiFED like unlimited Fedhealth Network GP visits once Savings is depleted.
- **Threshold** – The Threshold benefit pays for comprehensive day-to-day expenses once claims have accumulated to the Threshold level.
- **Screening benefit** – We pay for lifestyle screenings, wellness screenings like finger prick glucose and total cholesterol, blood pressure, waist circumference and body mass index (BMI), and physical screenings.
- **Out-of-Hospital Expenses Benefit (OHEB)*** – This benefit covers day-to-day expenses, after the Savings Account has run out of funds, up to the Fedhealth Rate until the benefit limit has been reached. There are maximum amounts for specific treatments and conditions.
- **Savings** – The funds in the member's Medical Savings Account (MSA) will be used first when he or she has day-to-day medical expenses.

PLUS, loads of additional value-added benefits like the Fedhealth Nurse Line, MediTaxi or the Weight Management Programme.

* On maxima PLUS only.

Unique set of benefits paid from Risk

Fedhealth is the only medical scheme to cover ALL of the benefits listed below from Risk, and not the member's day-to-day benefit. This ensures a significant saving for members since they can use their day-to-day benefit for other expenses instead.

Unlimited network GP visits – once Savings is depleted on maxima EXEC and once OHEB is depleted on maxima PLUS.

Trauma treatment at a casualty ward

Emergency treatment, like stitches, at a casualty ward is paid for whether the member is admitted to hospital or not (unlimited up to the Fedhealth Rate). Authorisation must be obtained in 48 hours. A co-payment of R800 per visit for non-PMBs applies on maxima EXEC.

7 days of take-home medicine

We pay for seven days of take-home medicine when the member is discharged from hospital. The medicine can either be dispensed by the hospital and reflect on the original hospital account, or be dispensed by a pharmacy on the same day as the member is discharged from hospital.

Post-hospitalisation treatment

We pay for follow-up treatment that may be required after a hospital event for up to 30 days after the date of discharge. This treatment includes physiotherapy, x-rays and pathology, but does not cover follow-up consultations with specialists or GPs.

Specialised radiology

MRI/ CT scans are covered whether they're performed in- or out-of-hospital:

- maxima EXEC – Unlimited at Fedhealth Rate. First R2 810 for each non-PMB MRI/ CT scan for member's own account.
- maxima PLUS – Unlimited at Fedhealth Rate. No co-payment applies on this option.

Upgrades within 30 days of a life-changing event

Life happens, right? So, whether you are diagnosed with a serious illness, get married or discover that a baby is on the way, Fedhealth will let you upgrade to a higher option that better suits your needs within 30 days of your diagnosis or circumstances changing.

Female contraceptives

Oral, patches, certain injectables, contraceptive rings as well as IUDs that include the Mirena® are paid for by Fedhealth. It must, however, be prescribed by a GP or gynaecologist and is not applicable to pills prescribed for acne.

Only pay for three children

Only pay for three children – we cover fourth and subsequent children for free.

Child rates for financially dependent children up to the age of 27

Hospital Cover

UNLIMITED PRIVATE HOSPITAL COVER

Members may use:

Both maxiFED options cover all admissions at any private hospital except the following hospitals, **Zuid-Afrikaans Hospital** (City of Tshwane), **Arwyp Medical Centre** (Ekurhuleni), **Busamed Modderfontein Private Hospital** (City of Johannesburg), **Hibiscus Hospital** (Ugu), **Mooimed Private Hospital** (Dr Kenneth Kaunda), **St Helena Private Hospital** (Lejweleputswa), **Capital Hospital** (Durban), which have been excluded for 2024. Emergency treatment at these 7 hospitals, however, will be covered in full without a co-payment but elective procedures will attract a R8 400 co-payment.

This benefit covers:

Hospital account

Doctors and Specialists e.g. anaesthetists
Fedhealth Network GPs and Specialists covered in full - non-network GPs and Specialists covered up to Fedhealth Rate.

Other healthcare providers e.g. X-rays

Certain procedures in doctor's rooms

270 hospital-based PMB conditions
DSPs, formularies and referrals may apply to avoid co-pays.

Pre-authorization must be obtained for all planned hospital admissions.

EMERGENCIES: members must obtain authorisation within 2 days after hospital admission.

An emergency is unexpected, requiring immediate treatment to avoid lasting damage to organs, limbs or other body parts, or death.

MORE INFORMATION >

Hospital Cover

All Fedhealth options have an unlimited in-hospital benefit. Pre-authorisation must be obtained for all planned hospital admissions. For emergencies, authorisation must be obtained within two working days after going to hospital.

- The in-hospital benefit covers hospital costs and accounts from doctors, specialists e.g. the anaesthetist and the X-ray department.
- It also covers selected procedures in day wards, day clinics and doctor's rooms. Members must use facilities on the Fedhealth Day Surgery Network.

Cover for hospital admissions

- The hospital account is covered from the in-hospital benefit.
- Specialists and GPs on the Fedhealth network are covered in full. Specialists and GPs not on the Fedhealth network are covered up to the Fedhealth Rate.
- Referral by a medical practitioner and pre-authorisation is required for physiotherapy, covered up to the Fedhealth Rate.

Prescribed Minimum Benefits (PMBs)

PMBs are a basic level of cover for a defined set of conditions.

By law, all medical schemes are required to cover the treatment of 270 hospital-based conditions and 27 chronic conditions, i.e. the Chronic Disease List (CDL), in full without co-payment or deductibles, as well as any emergency treatment and certain out-of-hospital treatment.

This means that all schemes must provide PMB level of care at cost for these conditions. In order for members to get funding in full, schemes are allowed to require members to use Designated Service Providers (DSPs) and apply formularies and managed care protocols.

- Fedhealth uses network specialists, network GPs and network hospitals for the provision of PMBs.
- Members must use a Fedhealth Network Specialist and a nominated network GP in order for the cost to be refunded in full.
- Should you not use these DSPs for PMB treatment, the Scheme will reimburse treatment at the non-network rate.
- Co-payments are applicable to the voluntary use of non-DSPs. Referral must be obtained from a Fedhealth Network GP for consultations with Fedhealth Network Specialists. If referral is not obtained, there will be a co-payment on specialist claims paid from the Risk benefit. Co-payments are option dependent.

Please note: Qualification for reimbursement as a PMB is not based solely on the diagnosis (condition), but also on the treatment provided (level of care). So although a member's condition may be a PMB condition, the Scheme would only be obliged to fund it in full if the treatment provided was considered PMB level of care.

Co-payments on certain procedures

For some treatments and procedures, members must pay an amount out of their own pocket. Co-payments apply to the hospital account and/or certain procedures, depending on the option.

What qualifies as an emergency?

An emergency is when the condition is unexpected and requires immediate treatment. This means that if there is no immediate treatment, the condition might result in lasting damage to organs, limbs or other body parts, or even death.

Fedhealth is at the forefront of technology... not only to ensure clear communication with our members, but also to give members more control over managing certain aspects of their membership.

Fedhealth website

The Fedhealth website, fedhealth.co.za, provides easy-to-navigate information on the various Fedhealth options, step-by-step instructions on how to submit claims etc, scheme news, and also hosts the informative Living Fedhealthy blog – filled with lifestyle and wellness topics.

Fedhealth Family Room

Fedhealth's online member portal allows members to manage their membership by updating contact details, viewing and submitting claims, viewing member statements, seeing how much Savings they've got left, activating their MediVault and making transfers to their Wallet, registering for chronic medicine and obtaining hospital authorisations.

Fedhealth Member App

Our app has been designed to help simplify members' interaction with Fedhealth. Available from the Google Play Store and Apple App store, it lets the member activate their MediVault and make transfers to their Wallet, download their e-card, view their option's benefits, set medicine reminders, and lots more. See pages 17 and 18 for more about our Fedhealth member App.

LiveChat and chatbot

The LiveChat functionality is available to members via fedhealth.co.za. They can type in their queries and one of our LiveChat agents will assist them online. The Fedhealth chatbot can be used for all members' queries about the MediVault and Wallet, and is also accessed through fedhealth.co.za

Fedhealth WhatsApp bot

This Fedhealth service is completely private and secure, and easy to use – simply choose from self-service actions like getting your tax certificate or seeing your e-card to share with your GP. To get started, just add the number **060 070 2479** as a contact and then type 'hi' to get the conversation started.

Network GP, specialist and hospital locator

Members may access the provider locator via the Fedhealth website or the Fedhealth Family Room to find a GP, specialist or hospital on the Fedhealth network. Go to www.fedhealth.co.za/provider-locator
