

# flexiFED 2<sup>GRID</sup>

The ideal plan for young family start-ups.

As part of our new **flexiFED** option range that gives members more control over how their cover is structured, **flexiFED 2<sup>GRID</sup>** is perfect for young family start-ups.

Its core benefit bundle – or the basic cover that you enjoy on this option – provides you with sound in-hospital benefits, chronic benefits, screening benefits, and day-to-day benefits, that include additional benefits and the Benefit Maximiser.

The Benefit Maximiser kicks in once your day-to-day claims have accumulated to the Benefit Maximiser Threshold Level, provided you've submitted all your day-to-day claims. This means that certain claims, like unlimited nominated network GP visits and dentistry, will be paid from the Benefit Maximiser.

On **flexiFED 2<sup>GRID</sup>**, you've chosen to save 11% on your monthly contribution by committing to use Fedhealth's network of 100 top-class hospitals only for planned procedures. In the case of an emergency for stabilising treatment, you can still use any provide hospital and will be covered without any co-payment.

On this option you also have access to a MediVault and Wallet facility, a predetermined amount available for your day-to-day medical expenses, which you only start paying back over a 12-month period once you start using it.

Please see the following pages for more details on the **flexiFED 2<sup>GRID</sup>** core benefit bundle and what it offers you.

We let **you be YOU**
