FEDHEALTH MEDICAL SCHEME – MAXIMA ADVANCED RANGE
ANNEXURE B3
BENEFITS AND LIMITS
[Effective 1 January 2017 unless otherwise stated below]

A ENTITLEMENT TO BENEFITS

A1 “Entitlement to Benefits” rules applicable to all Fedhealth options are listed in Annexure E, to be read in conjunction with Annexure B, C and D for each option.

“Entitlement to Benefits” rules specific to these options are listed in the paragraphs to follow.

A2 Rules applicable to dispensing of medicine:

In respect of legally prescribed medicine, the following is applicable:
100% of the lower of:

- i) the cost to the supplier plus the negotiated mark up; or
- ii) the single exit price plus the negotiated dispensing fee to a maximum fee of either the negotiated dispensing fee or, in the absence of a negotiated fee, 26% capped at a maximum of R26 (VAT exclusive). In addition, no dispensing fee may exceed the maximum fee as dictated by legislation.

Both subject to the reimbursement limit, i.e., Maximum Generic Price or Medicine Price List. Levies and co-payments to apply where relevant.

A3 Hospitalisation Benefits:

A3.1 Hospitalisation on the Maxima Advanced option:

Any authorised hospitalisation for any condition, (including oncology, alternatives to hospitalisation and psychiatric services), shall be paid at the rates as specified in A4.

A4 **Providers in Hospital: (including Specialists, GPs and Other Providers)**

A4.1 A **Specialist Network** appointed as the Scheme's DSP for PMB's (refer Annexure D, paragraph 7.4.3), is applicable for all In Hospital consultations and procedures The Specialist Network includes, but is not limited to, the following specialists:

- Anaesthetists
- Dermatology
- Independent Practice Specialist Obstetrics and Gynaecology
- Pulmonology
- Independent Practice Specialist Medicine
- Gastroenterology
- Neurology
- Cardiology
- Psychiatry
- Independent Practice Specialist Neurosurgery
- Ophthalmology
- Orthopaedics
- Otorhinolaryngology (ENT)
- Rheumatology
- Paediatrics Independent Practice Specialist
- Plastic and Reconstructive Surgery
- Surgery/Paediatric surgery Independent Practice Specialist
- Cardio Thoracic Surgery
- Urology
- Maxillo-facial and Oral Surgery

A4.2 **In Specialist Network, negotiated rates applicable as follows:**

- Funded in full at the negotiated rate, including Anaesthetists on all options.

A4.3 **Out of Specialist Network (including Anaesthetists), rates applicable as follows:**

- 100% of Fedhealth Rate for all options.

All consultations and procedures outside of the Specialist Network will be reimbursed at the lesser of cost or up to a maximum of the above rates. Co-payments are applicable for consultations and procedures charged in excess of the above-mentioned rates.

A4.4 GPs in Hospital:

A **GP network**, appointed as the Scheme's DSP for PMBs is applicable for all in hospital consultations and procedures.

GPs In Network In Hospital:

Funded in full at the negotiated rate for all options.

GPs Out of Network In Hospital:

100% of the Fedhealth Rate for all options.

A4.5 Other Healthcare Providers (excluding GPs) not mentioned in paragraphs A4.1, A4.2, A4.3 and A4.4:

All other healthcare providers not mentioned in paragraphs A4.1, A4.2, A4.3 and A4.4 are provided for as follows:

- 100% of Fedhealth Rate for all options.

A5 Providers Out of Hospital:

A5.1 GP Network

A **GP network**, appointed as the Scheme's DSP for PMBs is applicable for all out of hospital consultations and procedures.

Funded in full for all options at the negotiated rate for all options.

All consultations and procedures within the GP Network will be charged at the negotiated rate, with no co-payments applicable.

A5.4 Out of GP Network:

- 100% of Fedhealth Rate for the Maxima Advanced option

All consultations and procedures outside of the GP Network will be reimbursed at the lesser of cost or up to a maximum of the above rates. Co-payments are applicable for consultations and procedures charged in excess of the above-mentioned rates.

A5.5 Specialists out of Hospital:

A Specialist Network, appointed as the Scheme's DSP for PMB's (refer Annexure D, paragraph 7.4.3), is applicable for all Out of Hospital (day to day) consultations and procedures.

In Specialist Network, rates applicable as follows:

- Funded in full at the negotiated rate for all options

All consultations and procedures within the Specialist Network will be charged at the negotiated rate, with no co-payments applicable.

Where applicable, claims for members with day to day benefits (Sav) will be payable at the negotiated rate with no co-payments applicable at 100% of the negotiated rate.

Where applicable, claims for members **without day to day benefits** (Sav) will be self-funded at the negotiated rate.

A5.6 Out of Specialist Network, rates applicable as follows:

- 100% of Fedhealth Rate for all options

All consultations and procedures outside of the Specialist Network will be reimbursed at the lesser of cost or up to a maximum of the above rates. Co-payments are applicable for consultations and procedures charged in excess of the above-mentioned rates.

Where applicable, claims for members with day to day benefits (Sav) will be payable at the lesser of cost or up to a maximum of the above rates. Co-payments are applicable for consultations and procedures charges in excess of the above-mentioned rates. Claims will accumulate towards the Safety Net Level at 100% of Fedhealth Rate.

A6 CO-PAYMENTS (PER EVENT) APPLICABLE IN HOSPITAL/ FACILITY

Co-payments are applicable, per option, on the hospital/ facility bill as listed in the co-payment schedule contained in Annexure E. Procedural co-payments as listed in Annexure E, are applicable in addition to the Hospital Benefits co-payments (where/ if applicable) listed in paragraph A3 above.

B OVERALL ANNUAL LIMIT, BENEFITS AND OTHER LIMITS

- B1 Overall Annual Limit – There is no overall annual limit.
- B2 **Current Credit Personal Medical Savings Account (PMSA)**– Claims for services stated as being subject to payment from the Current Credit Personal Medical Savings Account (PMSA), as reflected in the columns headed **BENEFITS/ LIMITS** in the tables labelled D below are funded from the member’s PMSA benefit limit. Claims in respect of out of hospital expenses will be marked “Yes” against “Sav” in the column headed **BENEFITS/ LIMITS**.
- Claims for out of hospital expenses will be paid from the PMSA. Once the PMSA has been depleted, the relevant claims will be self-funded by the member.
- B3 **Benefits** – The column headed **BENEFITS/ LIMITS** reflects the cost at which the scheme will reimburse the member or the supplier in respect of a claim. Any cost in excess of the funding level reflected in this column will be the responsibility of the member, except for Prescribed Minimum Benefits, which will be funded at cost, subject to the utilisation of DSPs and/ or formularies where applicable.
- B4 **Limits** – The column headed **BENEFITS/ LIMITS** reflects the extent to which each benefit is limited or sub-limited in monetary or other terms.
- B5 The Out of Hospital Expenses Benefit (OHEB) There is no Out of Hospital Expense Benefit (OHEB) on this range of options.
- B6 **Safety Net Benefit – Out of Hospital**
There is not Safety Net Bene fit on this range of options.
- B7 Claims in respect of in-hospital benefits marked by a “Yes” against “In Hosp” in the column headed “BENEFITS/ LIMITS” in Paragraph D shall be paid from the major medical risk pool.

C PRESCRIBED MINIMUM BENEFITS (PMB's)

Prescribed Minimum Benefits as shown in Annexure A of the General Regulations, made in terms of the Medical Schemes Act 131 of 1998, override all limits indicated in this annexure, where applicable. PMB's are payable at 100% of cost, or at 100% of cost at the relevant Designated Service Provider and/ or within medicine formularies (as indicated in Annexure D, where applicable).

The Prescribed Minimum Benefits are available in conjunction with the Scheme's contracted managed care programmes, which include the application of treatment protocols, medicine formularies, pre-authorisation and case management. These measures have been implemented to ensure appropriate and effective delivery of Prescribed Minimum Benefits.

See Annexure D –Paragraph 7, for a full explanation.

D ANNUAL BENEFIT LIMITS
