

flexi**FED**Savvy

Why choosing **Fedhealth is the smart choice**

If you're looking for a trusted medical scheme that offers you greater customisation, innovation and affordability, you've come to the right place. Fedhealth has been providing South Africans with quality medical aid since 1936, and with reserves of R1,2 billion and a Global Credit Rating of AA- retained for 18 consecutive years, we are more than capable of paying our members' claims.

About flexiFED

Our flagship flexi**FED** options are excellent hospital plans with some built-in day-to-day benefits – taking your unique life stage and family composition into account.

You've downloaded the flexi**FED**^{Savvy} option brochure. This option offers excellent cover for healthy, under-35 career starters with unlimited network hospital cover up to PMB level of care, unlimited virtual GP consults and female contraceptives covered from Risk.
